

**2011****Wind Energy System Report (as of 12-31-2010)**

This report must be completed and attached as part of Form L-4175 (632), *Personal Property Statement*, which is filed with the Assessor in each assessment jurisdiction where Wind Energy Systems are located. You must attach a separate Form 4565 for each real property assessment parcel or legal description where you have Wind Energy System property located within the jurisdiction. The *Personal Property Statement*, with all required Forms 4565 attached, must be received by the Assessor on or before February 20, 2011. If you have no personal property in the assessment jurisdiction other than that which is reported on a Form 4565, you must fully complete and file Page 1 of the *Personal Property Statement* (including the reporting of \$-0- cost on lines 10a, 11a, 12a, 13a and 16a), and attach all required Forms 4565, but you are not required to file the other pages of the Statement. When completing Part B below, Site Improvements, you must report the original cost new and acquisition year new of all improvements in accordance with the asset recording methods required under Generally Accepted Accounting Principles (GAAP), but such costs must be reported without adjustment for purchase method, fresh-start or push-down accounting. See the Instructions to Form L-4175 (Form 632) for the proper method of reporting such costs, including, but not limited to, the instructions to Page 1, Line 6, and the instructions to Page 2 - General Instructions to Sections A through F. If a wind turbine tower has not been placed in service by December 31, 2010, do not report that facility on this form and instead report the cost incurred through December 31, 2010 as Construction in Progress, on Line 14a of the SUMMARY AND CERTIFICATION, in accordance with the instructions for Page 1, Line 14 to Form L-4175 (Form 632). Do not report Buildings on this Form. Buildings located on land not owned by the reporting taxpayer are reported in Section N of form L-4175 (Form 632). The cost of other site improvements are reported in Part B below.
